Mayor Bill Jones

Dear Bill:

Michael Newman came out this afternoon and walked our property with us to show us exactly where the loop around Temple will go. We deeply appreciate his taking the time and making the effort to help us understand what part of our place will be taken to meet the needs of the new loop.

We felt sorry for him. He was so well dressed, and, of course, Harold and I were in our grubbies.

Michael is every inch the professional and was most patient and helpful to us. We are deeply grateful to him and to you. We learned that we certainly will be unable to put a barn where we were thinking of so long as plans for the loop remain unchanged.

Michael walked the entire ten acres with us and it was very gratifying to know that the city engineering department is in such capable hands.

Yours gratefully,

Nil Whittington, Ph.D
